## ROLL OF HONOR No. XXII.

---

QUARTERMASTER GENERAL'S OFFICE,  
*Washington, D. C., August 4, 1869.*

The following Roll of Honor, prepared in the cemeterial branch of this office, under the direction of Brevet Brigadier General Alex. J. Perry, Quartermaster U. S. A., and containing the record of sixteen thousand four hundred and eighty-five (16,485) graves of deceased Union soldiers interred in the national cemetery at Nashville, Tennessee, is published by authority of the Secretary of War, for the information of their surviving comrades and friends.

M. C. MEIGS,  
*Quartermaster General, Brevet Major General U. S. A.*

QUARTERMASTER GENERAL'S OFFICE,

*Washington, D. C., July 31, 1869.*

GENERAL: I have the honor to submit herewith for publication (as the twenty-second volume of the Rolls of Honor) the record of sixteen thousand four hundred and eighty-five (16,485) graves of deceased Union soldiers interred in the national cemetery at Nashville, Tennessee. The remains of twelve thousand four hundred and eighty-six (12,486) of these are identified; and while those of three thousand nine hundred and ninety-nine (3,999) are classed as "Unknown," yet a list is hereto appended showing the names of four thousand four hundred and seventy-two (4,472) Union soldiers who are known to have died or were killed at Nashville, Tennessee, and different points in the vicinity, and who have either been interred as "Unknown" in this cemetery, or have been removed to their homes by relatives and friends.

I am, General, very respectfully, your obedient servant,

ALEX. J. PERRY,

*Brev. Brig. General, and Quartermaster U. S. A.*

Brevet Major General M. C. MEIGS,

*Quartermaster General U. S. A., Washington, D. C.*

# NASHVILLE NATIONAL CEMETERY.

This cemetery is situated on the Gallatin pike, six miles from Nashville, Tennessee, and is intersected by the Louisville and Nashville railroad, which divides it into nearly equal parts. It comprises about fifty-eight acres of beautifully undulating ground, a part of which is covered with a grove of stately forest trees. The avenues, nearly four miles in extent, are macadamized and graveled so as to form pleasant and delightful drives. A natural rivulet running through the grounds has been widened and deepened, and neatly walled up to form an outlet for drainage, as well as to serve as an ornamental water-course. The whole grounds are surrounded by a substantial picket fence.

The total number of dead interred in the cemetery is sixteen thousand four hundred and eighty-six, of which twelve thousand four hundred and eighty-seven are known, and three thousand nine hundred and ninety-nine unknown. Of white soldiers there are fourteen thousand five hundred and seventy-seven, and of colored one thousand nine hundred and nine. The number of regiments represented is seven hundred and thirty, and of States and independent organizations thirty-one.

The bodies interred in this cemetery have been gathered from an extensive region of country, along the Cumberland River from Carthage on the east to Clarksville on the west; from the line of the Louisville and Nashville railroad as far as Mumfordsville, Kentucky; from the Nashville and Northwestern railroad to the Tennessee River at Johnsonville; from the Edgefield and Kentucky and the Memphis branch of the Louisville and Nashville railroad; from Bowling Green to Clarksville; from the Nashville and Chattanooga railroad to Lavergne; and from all intermediate and adjacent country; from the Nashville battle-field, and many of the skirmish grounds in Southern Kentucky, comprising those originally collected and buried at Tompkinsville.

The number of distinct burial places from which these bodies were taken is two hundred and fifty-one.

A very large proportion of the dead in this cemetery, however, were transferred from the hospital burial grounds in and around the city of Nashville.

A full and complete record of all the interments in this cemetery, together with a complete copy of all burial sheets, has been deposited at the cemetery for the information of friends and visitors.

Plats of the cemetery, showing the arrangements of the grounds and the precise location of each grave, with the number to each, will be found on deposit in the office of the Quartermaster General, at Washington, and also a duplicate copy of the burial sheets.

Persons desiring to visit this cemetery can reach it by railroad from Louisville or Nashville, stopping at Madison station, or by private conveyance from Nashville over the Gallatin pike.

The superintendent in charge of this cemetery may be addressed through the Nashville post office.

## ROLL OF HONOR No. XXIII.

---

QUARTERMASTER GENERAL'S OFFICE,

*Washington, D. C., August 5, 1869.*

The following Roll of Honor, prepared in the cemeterial branch of this office, under the direction of Brevet Brigadier General Alexander J. Perry, quartermaster United States army, and containing the records of the graves of sixteen thousand six hundred and seventy-five (16,675) Union soldiers interred in the national cemeteries at Marietta, Georgia; Fort Donelson, (Dover,) Tennessee, and (supplementary to No. XI of the Rolls of Honor) Chattanooga, Murfreesboro', (Stone's River,) and Knoxville, Tennessee, is published by authority of the Secretary of War, for the information of their surviving comrades and friends.

M. C. MEIGS,

*Quartermaster General, Brevet Major General U. S. A.*

QUARTERMASTER GENERAL'S OFFICE,

*Washington, D. C., July 31, 1869.*

GENERAL: I have the honor to submit herewith for publication, as the twenty-third number of the Rolls of Honor, the record of the graves of sixteen thousand six hundred and seventy-five (16,675) Union soldiers interred in the national cemeteries at Marietta, Georgia; Fort Donelson, Tennessee; Chattanooga, Tennessee; Murfreesboro', (Stone's River,) Tennessee, and Knoxville, Tennessee. The records from the last three cemeteries are supplementary to those heretofore published in No. XI of the Rolls of Honor, and complete the lists of names of those cemeteries.

I am, General, very respectfully, your obedient servant,

## MARIETTA AND ATLANTA NATIONAL CEMETERY.

---

The Marietta and Atlanta National Cemetery is located in the outskirts of the village of Marietta, Georgia, in full view of the Kenesaw Mountain, twenty miles from Atlanta, on the line of the Western and Atlantic railroad. It covers twenty-four acres, and was donated to the United States by Mr. Henry G. Cole, of Marietta. The ground rises gradually from all sides, and the summit near the center of the cemetery commands an extensive view of the surrounding country. It is beautifully laid out in sections, and is intersected with winding walks and avenues, macadamized and graveled.

From the summit now daily floats the national ensign, and around it lie, in solemn repose, nine thousand nine hundred and ninety-four Union dead, whose remains have been gathered from all the battle-fields and hospital grounds of Sherman's advance upon Atlanta, from the banks of the Oostanaula, at Resaca, to Jonesboro, below Atlanta, and east to Augusta. The dead from Central Alabama, at first collected and interred at Montgomery, have also been transferred to this cemetery. Here sleep those who fell with McPherson at Atlanta, with Harker at Kenesaw, on the fields of Peachtree Creek, and in the forests of New Hope Church; and here, too, lie those martyr heroes who so freely sacrificed their lives on the heights of Allatoona.

This Roll of Honor has been made up from the burial sheets forwarded to the office of the chief quartermaster of the Department of the Cumberland for use in the preparation of the Roll of Honor. The entire list has been subjected to careful examination and correction by comparison with the original muster rolls of the several States.

Many names accredited to a State are not to be found upon the rolls of the organizations to which they purport to belong. Such, in all cases, are designated by a star (\*), and must be left for future research.

The interments in this cemetery are now completed, and a superintendent has been appointed by the Secretary of War.

## CUMBERLAND RIVER NATIONAL CEMETERY, FORT DONELSON, TENNESSEE.

---

This cemetery occupies the site of the new fort erected subsequent to the battle of Fort Donelson, half a mile below the village of Dover. The site was selected by a board consisting of Chaplain W. B. Earnshaw, Major A. W. Wills, A. Q. M., and Captain G. W. Marshall, A. Q. M.

The original design, to collect at this point not only those who fell at the battle of Fort Donelson but all who were interred on the banks of the Cumberland from Smithland to Clarksville, was abandoned after the purchase of the ground and the laying out of the cemetery, and it now contains only those who were found upon the battle-field, and from a small territory adjacent, and from a few towns in the border counties of Kentucky. The total number is six hundred and seventy, of which one hundred and fifty-eight are known and five hundred and twelve are unknown.

The entire tract of fifteen acres is surrounded with a picket fence, and that portion immediately occupied by the graves has been inclosed by a stone wall.

This cemetery contains the largest regimental group of any cemetery in the department. In the battle of Fort Donelson, sixty-two men of the eleventh regiment Illinois infantry, reported to have fallen in resisting the attempt of General Forrest to cut his way out, were buried in one trench upon the battle-field. A full list of their names is appended to the roll, but the separate bodies, except in two instances, have not been identified.

The cemetery may be reached by boat from Smithland or Nashville, or by Memphis and Charleston railroad, stopping at Stewart's station and procuring private conveyance thirteen miles to the cemetery.

The superintendent in charge of this cemetery may be addressed at Dover, Tennessee.

## CHATTANOOGA NATIONAL CEMETERY,

(ADDITIONAL TO VOLUME XI.)

---

This Roll of Honor of additional dead interred in the Chattanooga National Cemetery contains a record of three thousand two hundred and sixty-two interments made since the publication of General Orders No. 96, Quartermaster General's Office, December 11, 1866, (Roll of Honor No. 11.) and completes the record of all interments in that cemetery. It comprises the dead removed from the pest hospital at Chattanooga, and the remains of those who were originally buried at Bridgeport, Stevenson, Huntsville, and along the line of the Memphis and Charleston railroad to the crossing of the Tennessee River at Decatur, and generally through all parts of Northern Alabama. By reference to the recapitulation, in which the interments before reported are recounted, it appears that the total number of interments in this cemetery is twelve thousand eight hundred and sixty-three, of which seven thousand nine hundred and thirty-six are known and four thousand nine hundred and twenty-seven unknown. This is the total number of interments to this date. A few scattered dead are known to have been overlooked in the original search, who will eventually be removed to this cemetery.

The number of unknown dead is here simply given in the aggregate without the designation of section or grave, but on the record kept at this cemetery each unknown grave, as well as the known, is designated by its proper section and number.

The cemetery is now fully completed, with a permanent stone wall inclosing it, and four siege-gun monuments have been erected on the summit of the central hill around the flag-staff.

A superintendent is in charge.

NOTE.—The total (12,863) exceeds the actual number of interments in this cemetery by 7, which is accounted for by the fact that 7 bodies have been disinterred by friends and the graves refilled with other bodies, the original name not having been erased from the records.

In the original Roll of Honor No. XI, 2,305 unknown dead reported by the superintendent in the aggregate, without section or number of grave, were inadvertently added to the 17 unknown in the list of miscellaneous—with section and number of grave given—and reported as 2,322 miscellaneous unknown.

# STONE'S RIVER NATIONAL CEMETERY, MURFREESBORO, TENNESSEE.

(ADDITIONAL TO NO. XI.)

---

The following supplementary Roll of Honor completes the record of interments in the Stone's River Cemetery. It comprises 1,359 bodies removed from the Rose Hill Cemetery, at Columbia, Tennessee, the dead from the pest hospital at Murfreesboro, and a few scattered bodies in the surrounding country overlooked in the original search. Among those removed from Columbia are the dead from the Franklin battlefield, and from Spring Hill and other points on the Nashville and Decatur railroad.

The Franklin dead occupy a section by themselves, which is designated as the Franklin section.

Since the publication of the former roll, this cemetery has been entirely completed, and is now in charge of a superintendent.

The combined recapitulation shows the number now interred in this cemetery to be 6,124.

## KNOXVILLE NATIONAL CEMETERY.

(ADDITIONAL TO VOL. XI.)

---

The following supplementary Roll of Honor completes, in connection with those published in General Orders No. 96, Quartermaster General's Office, December 11, 1866, the records of all interments made in the Knoxville National Cemetery, and shows the total number to be three thousand one hundred and sixty-three.

This list comprises the interments of one thousand two hundred and fifty six deceased Union soldiers, between five and six hundred of which were originally gathered from portions of Kentucky, Virginia, and Tennessee, in the vicinity of Cumberland Gap, and interred in a national cemetery temporarily established at that place. The interments are now all completed, and the cemetery is finished and in charge of a superintendent.

The cemetery is situated one mile from the center of Knoxville, in a northwesterly direction, on the Jacksboro pike and on the Knoxville and Kentucky railroad, about one-half of a mile north from the joint depots of the East Tennessee and Virginia and East Tennessee and Georgia railroads, and about two hundred yards west of the road leading north from those depots, called Broadway.

It contains about ten acres, and is laid out in the form of a square, the graves being arranged in concentric circles around a mound in the middle of the square, whereon is erected a flagstaff, from which float the national colors.
